ARTICLE 1
Seniority Status and Lists

1.1 A complete list of all employees covered by this agreement, showing name, seniority date and ranking in each group in which an employee holds seniority, shall be compiled at the beginning of each year. Such lists will be posted at the headquarters of employees concerned and copies will be furnished the Local Chairman and General Chairman. This list shall be open for correction for a period of 90 days and a seniority date not protested within 90 days from its first posting on the seniority list will be considered permanently established.

1.2 Except as provided in Article 1.3, seniority of an employee promoted to a higher classification is established only at the time he/she is assigned by bulletin to a permanent position in such higher classification and shall begin on the specified closing date of the bulletin advertising the position. When two or more employees are promoted to a higher classification on the same bulletin, their relative rank in the lower classification shall govern their rank in the higher classification.

1.3 Seniority as Signal Foreman shall be established on temporary appointments to such positions.

1.4 (a) Not less than four working days' advance notice will be given when regularly assigned positions are to be abolished except in the event of a strike or a work stoppage by employees in the railway industry, in which case a shorter notice may be given.

(b) An employee affected by staff reductions may exercise his/her seniority to displace a junior employee in his/her group or a junior employee in a lower seniority group. If he/she elects to displace in a lower seniority group, he/she will forfeit his/ her seniority in all higher groups than the one into which he/she elects to displace.

(c) Such an employee shall forfeit his/her seniority if he/she does not notify the officer in charge and the Local Chairman in writing of his/her choice within ten calendar days from the date notified of displacement or abolition of his/her position.

(d) Unless mutually arranged between the employee and his/her immediate supervisor an employee who has signified his/her intention to displace a junior employee shall forfeit his/her seniority and his/her

name shall be removed from the seniority list if he/she fails or refuses to commence work on the position he/she has chosen within twenty calendar days of making his/her choice. An employee who is unable to hold work on the system will be laid off.

1.5 When employees, laid off by reason of force reduction, desire to retain their seniority rights they must file their address with the officer notifying them of the reduction, and failing to do so or to return to the service within ten days after being so notified they will forfeit all seniority rights unless they are prevented from returning by personal sickness or injury or when granted leave of absence under the provisions of this agreement, except that a laid off employee who is employed elsewhere at the time he/she is notified to report for duty may, without loss of seniority, be allowed ninety days in which to report, providing that it is definitely known that the duration of the work will not exceed ninety days, that other laid off employees in the same seniority group are available and that written application is made to his/her superior officer immediately upon receipt of notification to resume duty, with a copy to the Local Chairman.

1.6 Employees assigned to temporary service or to relief work in a regular position shall, when released, return to their former position unless they have been the successful applicant to another position in the meantime.

1.7 (a) Employees accepting official positions with the railway prior to December 31, 1978, or who are elected as full-time representatives of the employees shall retain their seniority rights and continue to accumulate seniority while so employed.

(b) Employees promoted to non-schedule, official or excluded positions subsequent to January 1, 1979 shall continue to accumulate seniority for a period of two consecutive years. Following this two-year period in such capacity, such employee shall no longer accumulate seniority but shall retain the seniority rights already accumulated up to the date of his or her promotion.

(c) Employees referred to in Clauses (a) and (b) above, when released from excepted employment, except at their own request, may exercise displacement rights as provided in this agreement. Employees returning at their own request may exercise their seniority rights only by bidding on vacancies or new positions.

(d) An employee required to fill an official or excepted position on a

temporary basis for a period not exceeding one year, when released, will return to his/her regular position unless it has been abolished or filled by a senior employee in the exercise of displacement rights in which event the returning employee will also exercise his/her displacement rights.

1.8 Employees leaving the service of the Railway when their services are required will, in the event of re-employment rank as new employees.

1.9 A new employee shall not be regarded as permanently employed until he/she has accumulated 125 working days' service in the preceding twelve months. In the meantime, unless removed for cause which, in the opinion of the Railway, renders him/ her undesirable for its service, the employee shall be regarded as coming within the terms of this agreement.

1.10 (a) Employees accepting positions in the exercise of their seniority rights will do so without causing extra expense to the Railway and will not be allowed time for travelling. They will be allowed free transportation for themselves, the dependent members of their families and their household effects when it does not conflict with the law.

(b) Employees transferred by direction of the management to positions which necessitate a change of residence will receive free transportation for themselves, dependent members of their families and household goods, when it does not conflict with the law, and will suffer no loss of time in consequence thereof; such loss of time not to exceed two (2) days unless otherwise specially arranged.

1.11 Employees who on account of particular qualifications, are selected for special work in connection with signal maintenance or construction shall retain their seniority rights in their respective classes while employed on such special work.

1.12 For seniority purposes classes will be ranked as follows:

1. Signal Forman
2. Signal Technician
3. Signal Testman
4. Leading Signal Maintainer
5. Signal Maintainer
6. Signal Apprentice
7. Signal Helper

ARTICLE 2

Promotion

2.1 Employees will be promoted in each of the classes enumerated in Article 1.12 in order of seniority provided they are qualified except that promotions of qualified applicants to positions of Signal Technician or Asst. Signal Technician shall be on the basis of Signal Maintainer/Signal Mechanic seniority.

2.2 Employees will be advised within fifteen days of all vacancies or new positions. Applications made within ten calendar days will be considered.

2.3 A new position or vacancy expected to be in existence in excess of sixty days but not more than one year will be bulletined as temporary. When it is known that a position which has been bulletined as temporary will exceed one year it will be bulletined as permanent, except when such position or vacancy is due to the medical disability of the regular incumbent.

If a temporary vacancy exists due to the medical disability of the permanent incumbent for a period of more than one year, the General Chairman and the proper officer of the company will meet to discuss the proper action that should be taken in each case.

2.4 Temporary vacancies for Maintainers or Mechanics of less than sixty days' duration shall not be advertised and senior employees at the affected location, if qualified, shall have the right to relieve in such temporary vacancies. If the vacancy is not filled in this manner, the junior qualified employee at that location will be required to protect the vacancy.

2.5 In the event that no applications are received for any temporary or permanent vacancy bulletined in accordance with Articles 2.2 and 2.3, for the position of Signal Maintainer, the junior qualified employee will be promoted to fill the position and must accept such appointment or be removed from the service. If more than one position is involved, the next junior employee or employees in ascending order of seniority will be promoted.

NOTE: For temporary assignments reasonable expenses will be allowed.

ARTICLE 3

Work Week and Rest Days

3.1 The term "work week" for regularly assigned employees shall mean a week beginning on the first day of which the assignment is bulletined to work; and for spare or unassigned employees shall mean a period of seven consecutive days starting with Monday.

3.2 Employees, except those employees subject to Article 8, shall be assigned two rest days in each seven. The rest days shall be consecutive as far as is possible consistent with the establishment of regular relief assignments and the avoidance of working an employee on an assigned rest day. Preference shall be given to Saturday and Sunday and then to Sunday and Monday. The work weeks may be staggered in accordance with the Railway's operational requirements.

3.3 In any dispute as to the necessity of departing from the pattern of two consecutive rest days or for granting rest days other than Saturday and Sunday or Sunday and Monday, to employees covered by Article 3.2, it shall be incumbent on the Railway to show that such departure is necessary to meet operational requirements and that otherwise additional relief service or working an employee on an assigned rest day would be involved.

3.4 On positions where it is not reasonably practicable to provide regular relief each week, the rest day or days for which relief is not provided may be accumulated and granted at a later date. Such accumulation shall not exceed five (5) days and rest days so accumulated shall be allowed consecutively when five (5) days have been accumulated, except that the accumulation of a greater number of rest days and their allowance at longer intervals may be arranged by mutual agreement between the officers of the railway and the General Chairman. Bulletins covering such positions will show the number of the rest days to be accumulated and the arrangement for allowing such days.

3.5 Non-consecutive Rest Days

In the event that a situation arises which makes it impracticable to assign consecutive rest days to all employees at a particular point, the following procedure shall be observed:

- (1) All possible regular relief positions shall be established pursuant to Article 3.6.
- (2) Possible use of rest days other than Saturday, Sunday or Monday, where these may be required under this agreement, to be explored by the parties.

(3) Accumulation of rest days under Article 3.4 shall be considered.

(4) Other suitable or practicable plans which may be suggested by either of the parties shall be considered and efforts made to come to an agreement thereon.

(5) If the foregoing does not solve the problem, then some of the relief employees may be given non- consecutive rest days.

(6) If after all the foregoing has been done there still remains service which can only be performed by requiring employees to work in excess of five days per week, the number of regular assignments necessary to avoid this may be made with two non-consecutive days off.

(7) The least desirable solution of the problem would be to work some regular employees on the sixth and seventh days at overtime rates and thus withhold work from additional relief employees.

3.6 Relief Assignments

(1) All possible regular relief assignments with five days' work per week and two consecutive rest days (subject to Article 3.5) shall be established to perform necessary relief work or to perform relief work on certain days and such types of other work on other days as may be assigned under individual agreements.

(2) Where situations exist making it impracticable to establish relief assignments in accordance with the above, the officers of the railway and the General Chairman may, by mutual agreement, arrange for relief assignments on such other basis as may be suitable. Consent to such proposed arrangement shall not be unreasonably withheld in cases where otherwise employees would be required to work on assigned rest days or unreasonable travel time would be involved.

(3) Regular relief assignments may on different days have different starting times, duties and work locations, provided such starting times, duties and work locations are those of the employee or employees relieved.

3.7 Where work is required by the railway to be performed on a day which is not part of any assignment, it may be performed by an available unassigned, laid off, or new employee who will otherwise not have forty hours of work that week. In all other cases by the regular

employee.

ARTICLE 4

Hours of Work and Meal Periods

4.1 (a) Except as otherwise provided, eight consecutive hours, exclusive of meal period, shall constitute a day's work.

(b) Except as may be otherwise arranged locally, the meal period shall not be less than thirty minutes or more than one hour. The meal period shall be exclusive of the time required to travel to and from meal location.

4.2 The working hours for day duty will commence at or between 7:00 a.m. and 8:00 a.m. When conditions make it necessary to work more than one shift, the hours of duty may be arranged to conform with the requirements; provided that not more than eight consecutive hours, exclusive of meal period, will constitute a day's work and that the first shift will commence at or between 7:00 a.m. and 8:00 a.m. Where mutually agreed between representatives of the railway and the employees, working hours may be otherwise arranged to meet local requirements.

4.3 The meal period will be between the ending of the fourth hour and the beginning of the seventh hour after starting work, unless otherwise mutually agreed upon. If the meal period is not accorded within such time limit and is worked, it will be paid for at pro rata rate and twenty minutes will be allowed for meal, without deduction in pay, at the first opportunity.

4.4 When eight hours of continuous service are required in regular operations, twenty minutes will be allowed for meal commencing in the fifth hour of service without loss of pay when nature of service permits.

4.5 Employees' time will start and end at a designated point.

ARTICLE 5

Overtime and Calls

5.1 Except as otherwise provided, when employees are required to work in excess of eight hours per day they will be paid overtime on the actual minute basis at the rate of time and one-half.

5.2 Except as otherwise provided in Article 8, work in excess of forty (40) hours straight time hours, or five (5) days in any work week shall be considered overtime and paid at the rate of time and one-half time

except where such work is performed by an employee due to moving from one assignment to another or to or from a laid off list, or where rest days are being accumulated under Article 3.4.

5.3 There shall be no overtime on overtime; neither shall overtime hours paid for, other than hours not in excess of eight paid for on general holidays or for changing shifts, be utilized in computing the forty hours per week, nor shall time paid for in the nature of arbitraries or special allowances such as attending court, deadheading, travel time, etc., be utilized for this purpose, except when such payments apply during assigned working hours in lieu of pay for such hours, or where such time is now included under existing rules in computations leading to overtime.

5.4 Except as otherwise provided, an employee called in case of an emergency or a temporary urgency outside of his/her regular assigned hours, after having been relieved, will be paid minimum of three hours pay at overtime rates for which three hours of service may be required, but for such minimum will not be required to perform work other than that of the emergency, and possibly another emergency which might arise subsequent to the time of the call. If, however, employees are called to commence work less than three hours before regular starting time, the time will be computed continuously with the regular day's work and the time before the regular starting time will be paid for at the rate of time and one-half time on the minute basis.

5.5 Employees, if required to work on regularly assigned rest days, except when these are being accumulated under Article 3.4, shall be paid at the rate of time and one-half time on the actual minute basis, with a minimum of three hours at overtime rates for which service may be required up to three hours.

5.6 Employees will not be required to suspend work in regular hours to equalize overtime.

5.7 The calling procedure for overtime shall be as follows:

Overtime calls for Signal Technicians:

1. Signal Technician according to their assigned territory.
2. Signal Technician assigned to the adjacent assigned territory.
3. Senior Signal Maintainer qualified to perform Signal

Technician work.

Overtime calls for Signal Maintainers:

1. Maintainer assigned to the territory.

2. Maintainer assigned to the adjacent territory.
3. Seniority by classification.

Employees going on vacation will only be entitled for overtime calls on the rest days immediately prior to their vacation dates and not on the rest days prior to them returning from vacation.

Employees who are temporarily assigned to gang work on other than their regularly assigned territory will be called for emergency overtime work on their regularly assigned territory when they are in a position to respond to such calls within a reasonable time frame. Otherwise, the maintainer assigned, on a temporary basis to cover such territory will be called. The Superintendent Signals to be the judge in such cases.

5.8 Overtime Banking

Employees desiring to bank overtime may elect to do so under the following criteria:

- * The half time associated to overtime may be banked up to a total of 24 hours per calendar year. This limit may be replenished throughout the year.
- * Banked time must be taken in full day increments or the employee may elect to receive the pay.
- * Employees must have cleared or be scheduled to clear their hours account by December 15. If the account is not cleared then the employee will be paid the balance in cash.
- * Payment will be based on the current rate of pay at the time the banked time is used.
- * Time off must be requested in advance, unless bona fide illness. (Company will monitor)
- * Time off will be subject to company service requirements and no additional cost to the company.
- * Implementation of the Overtime Banking arrangement will be subject to the development of an appropriate computer system.

ARTICLE 6

Travelling or Detained for Conveyance

6.1 Time waiting and travelling outside of assigned hours will be paid for at pro rata rates except that time spent travelling in or on company work vehicles (including track motor cars, signal vehicles and employees' automobiles when authorized) will be considered as time

worked.

6.2 Employees when travelling in their regular boarding and sleeping cars between 6:00 a.m. and 10:00 p.m., on regularly assigned rest days or holidays specified in Article 14, will be allowed straight time. When practicable to do so, boarding and sleeping cars will be moved at other times than between the hours of 11:00 p.m. and 6:00 a.m.

ARTICLE 7

Expense and Meal Allowances

7.1 Where employees regularly leave and return to their headquarters or boarding car daily, expenses shall not be allowed for noontime lunch.

7.2 Employees taken off their assigned territory or regular boarding outfits and employees who do not regularly return to headquarters each night, shall be allowed a per diem amount of \$85.00 to cover all meals and lodging expenses they necessarily incur.

7.3 When meals are supplied by the company in boarding cars or outfits, the charge for same will be \$1.00 per meal. This will not apply to employees paid expenses in hotels/motels.

7.4 Employees boarding in railway or contractor's outfits shall not be required to pay for meals while on leave of absence, when absent from outfits on duty or on account of sickness, or when permitted to go home for the weekend and absent for two or more consecutive meals, but in the latter case forty- eight hours' notice must be given to those in charge of outfits of intent to be absent from such meals.

7.5 When it can be done without in any way interfering with the work, employees shall be permitted to take meals at their home. In such cases no charges for meals shall be made. When meals are so taken, employees must give two day's notice to the employee in charge of the boarding car.

ARTICLE 8

If required to work in excess of 179.3 hours per four-week period, such hours shall be paid for as follows:

Actual overtime hours worked in excess of 160 hours will be accumulated over a twelve-week period.

If these overtime hours worked exceed 57.9 (comprised of 19.3 hours x 3 four week periods) such additional hours worked in excess of 57.9 will be paid for at the rate of time and one-half at the conclusion of the twelve week period.

NOTE: Should an employee take a position paid on the basis of this Rule 8.1, and remain on such position for a period of less than 12 weeks, the period so engaged will be recognized as the accumulation period for that employee. In such circumstances, overtime compensation will be calculated in relation to the total overtime hours worked pro-rated over the number of weeks actually engaged during the 12-week period. This does not apply to employees who work for less than one week.

8.2 If required by order or in an emergency to work in excess of 179.3 hours, exclusive of time occupied in travelling, overtime rates will be paid for such excess time worked.

8.3 When work is planned in advance requiring employees to work on call days or in excess of eight hours per day on an assigned work day, such work shall not be considered emergency work and will not be included in the 4-week guarantee.

8.4 Employees called to work on other than their assigned territory outside of their assigned hours due to the signal employees on the other territory being absent from duty with proper authority and no relief supplied, or to augment the signal staff on the other territory, will be paid overtime rates for such time apart from the 179.3 hours per 4-week period.

8.5 Employees covered by this Article 8 shall be assigned one regular

rest day per week, Sunday if possible, and service on such assigned rest day shall be governed by Article 5.5. Hours paid on such assigned rest days shall not be included in computing the 179.3 hours per 4-week period after which overtime rates apply.

8.6 Such employees shall be assigned one call day per week, and one rest day per week, either of which may be Saturday or Sunday except at locations where more than one shift is required the call day and rest day will be consecutive. Emergency service on such days will be paid for as follows:

- (a) **Call Day** - Will protect emergency calls on their own territory, such work to be covered by the 179.3 hours. Employees will be available for emergency calls on their call days unless they make suitable arrangements with their supervisor for the protection of their territory without involving additional expense to the company and so advise the Train Dispatcher.
- (b) **Rest Day** - Not subject to call. However, will be called and if available will be paid at the rate of one and one-half times the straight time rate on the minute basis with a minimum of three hours for which service may be required up to three hours.

8.7 Except on assigned rest days such employees shall not absent themselves from their assigned territory during the regular working hours without permission and when absent from regular place of call after regular working hours, they will notify the Agent, Operator, Train Dispatcher or Chief Rail Traffic Controller as appropriate.

8.8 Holiday Pay for 179.3 Hour Employees

- (a) When a General Holiday falls on a regular work day or on a call day (6th day) and the employee is not subject to call and does not work on that day, such employee is credited with 8 straight time hours for the holiday not worked, which time is included in making up the 179.3 hours.
- (b) When a General Holiday falls on a regular work day or on a call day (6th day) and the employee is subject to call and is available to work on that day, such employee is allowed 8

- (d) When called to perform planned work, or to perform work off his/her assigned territory on a General Holiday, the employee shall be allowed actual hours worked at the rate of time and one-half with a minimum of three hours, over and above the 179.3 hours. ARTICLE 10

Final Settlement of Disputes

10.1 A grievance concerning the interpretation or alleged violation of this agreement, or an appeal by an employee that he/she has been unjustly disciplined or discharged, and which is not settled at the highest level of the grievance procedure, may be referred by either party to a single arbitrator for final and binding settlement without stoppage of work.

10.2 A request for arbitration must be made in writing by either party to the other within 28 calendar days following the decision rendered at Step 3 of the Grievance Procedure.

If the other party does not agree to one of the nominees so proposed, it shall within 28 calendar days from receipt of such request submit to the other party a further list of three arbitrators. If the parties still cannot agree upon the arbitrator to be appointed, the Minister of Labour shall be requested to select an arbitrator and his/her selection shall be final.

10.4 At the hearing before the arbitrator, argument may be given orally or in writing and each party may call such witnesses as it deems necessary.

10.5 Disputes arising out of proposed changes in rates of pay, rules or working conditions, modifications in, or additions to the scope of this agreement, are specifically excluded from the jurisdiction of the arbitrator and he/she shall have no power to add to or subtract from, or modify any of the terms of this agreement.

10.6 The hearing shall be held by the arbitrator in the offices of the company at North Bay, Ontario unless the arbitrator deems it advisable because of special circumstances to hold the hearing elsewhere.

10.7 The company and the union shall respectively bear any expenses each has incurred in the presentation of the case to the

arbitrator, but any general or common expenses, including the remuneration of the arbitrator, shall be divided equally.

10.8 The time limits as provided herein may be extended by mutual agreement.

ARTICLE 11

Attending Court or Investigation

11.1 Employees attending court or investigation at the request of the proper officers of the railway, will be paid at schedule rates for each day lost and reasonable expenses actually incurred while away from home. This will not apply where employees are required for examination for promotion, disability, to meet legal requirements, or in connection with irregularities for which they are found to be responsible. Any fee or mileage accruing will be assigned to the railway.

ARTICLE 12

Leave of Absence and Transportation

12.1 Leave of absence and free transportation will be granted to members of duly appointed Committees for the adjustment of matters in dispute between the railway and the employees within ten days after request in writing has been made to the proper officer.

12.2 Opportunity and free transportation will be given to employees for getting to their place of residence at weekends when such leave will not interfere with the prosecution of the work.

12.3 Employees will be granted leave of absence and passes, or reduced rates, in accordance with the current general regulations or practice of the railway.

ARTICLE 13

Annual Vacations

Headquarters of such apprentices may be temporarily changed for periods of up to three months for training purposes only. Apprentices so affected will be given at least 72 hours' notice of change of headquarters. The application of this provision will not interfere with the normal seniority rights of employees.

24.16 (a) An apprentice receiving training away from his/her headquarters who leaves and returns to his/her headquarters' location daily, will be paid travel time at pro rata rates for all time travelling in excess of three hours in any one day.

(b) An apprentice receiving training away from his/her headquarters which does not permit him/her to return to his/her headquarters' location daily, will be reimbursed for actual reasonable expenses incurred. Such employee will be paid travel time at pro rata rates for time travelling outside of their regular hours of duty, except that travel time will not be allowed between the hours of 9:00 p.m. and 7:00 a.m. when sleeping accommodation is available.

(c) When training schedule permits, employees attending training away from headquarters will be provided with free train transportation to their headquarters and return on weekends on condition that they must be available for their first training assignments following the

weekend. If train service is not available, the company may, at its discretion, provide free transportation using alternate means of public conveyance. Trainees travelling to and from their headquarters on weekends will not be eligible for payment of travel time or overtime, but will be allowed actual reasonable expenses while travelling in lieu of expenses that would have accrued at the away-from-headquarters training location. The foregoing will also apply for travel to an employee's place of residence if different from his/her headquarters' location provided the residence is on the company's lines.

Dear Mr. Platt:

At the meeting held in North Bay on July 22, 1974, a discussion took place concerning the application of proposed Article 2.5 to employees presently in the service.

This will confirm the assurance given to Mr. Mitchell and Mr. Hueston that employees who were in the service prior to July 1, 1974 will not be removed from the service in the application of Article 2.5.

Dear Mr. Platt:

This refers to our notice of January 23, 1978 concerning the reduction of signal territories north of Temagami.

At a meeting held in North Bay on March 9, 1978, in compliance with Section 4 of Article VIII of the Job Security Agreement, the following measures were agreed upon for "further minimizing the adverse effects on employees".

1. One signal territory with headquarters at Englehart will be abolished effective May 1, 1978.
2. The normal application of the Job Security Agreement would require the exercise of seniority by one Signal Maintainer, the relocation of at least one employee, the maintenance of basic rates for at least one employee and the lay off of one junior apprentice. In order to avoid such dislocations, the following will apply:
 - (a) Maintainers W.R. Mills and W.E. Hebert and Asst. Maintainer M. Bond will be allowed to remain at Englehart on their present positions handling the one remaining Englehart territory. The cost of maintaining their rates of pay over and above their present incumbency rates will be paid out of operating expenses.
 - (b) There is no requirement to rebulletin any position affected by the changes in territories.
 - (c) Subject to the approval of the Job Security Committee, the first Englehart employee (Mills, Hebert or Bond) who successfully bids to a permanent assignment at another location thereby reducing the Englehart complement to two employees will be entitled to relocation benefits from the Job Security Fund.
 - (d) When the staff at Englehart reduces to the normal complement of two employees, the Englehart and adjoining territories may be adjusted

without further notice.

(e) A position of Leading Signal Maintainer will be established effective May 1, 1978. The ranking for seniority purposes for Leading Signal Maintainers and/or Signal Testmen will be No. 3, behind Signal Foremen and ahead of Signal Maintainers. Article 1.12 will be amended accordingly.

(f) The Leading Signal Maintainer will act as Signal Testman when so required by the company. When performing the duties of a Testman, he/she will be paid the Testman's rate of pay. When not performing the duties of a Testman, he/she will be in charge of his/her regular Maintainer's territory and will be paid the Leading Signal Maintainer's rate of pay or 14 cents per hour above the present incumbency rate for Maintainers, whichever is greater.

(g) The headquarters of the successful applicant will be considered the headquarters for the Leading Signal Maintainer. This means that the regular Maintainer's position will be replaced by the position of Leading Signal Maintainer.

If you agree with the foregoing, will you please so indicate in the space provided at the bottom of this letter and return one copy for implementation purposes.

Yours very truly,

F. S. Clifford,
General Manager.

Dear Mr. Platt:

This refers to your Article III request in connection with Article 5.4 of the Collective Agreement.

It is understood that, in the application of Article 5.4, the following will apply:

1. An employee called on the telephone in case of an emergency or a temporary urgency outside of his/her regular assigned hours, after having been relieved, who accepts such call and is required to provide, by telephone, technical assistance in case of signal failures, etc., and does provide such assistance, will be paid 3 hours at punitive rate.
2. An employee will only be entitled to one 3 hour payment for any period of 3 consecutive hours commencing with the first call, even though he/she may receive other calls during such 3 hour period.
3. An employee who is called, and has accepted the call, but is cancelled prior to his/her leaving home, will be paid one hour at punitive rate.

Clauses 1 and 2 above relate to situations where an employee is required to provide technical assistance over the telephone, outside of his/her regular assigned hours. The present understanding regarding the type of situation where an employee is required to report to a particular location to perform emergency repairs remains unchanged.

An employee is considered to qualify for only one 3 hour payment when he/she is required to report to a work location as a consequence of not being able to correct the problem over the telephone when

called. However, in two unrelated situations where firstly, the employee provides technical assistance over the telephone and then subsequently is called to report to a work location, even though both calls are within the limits of three hours, would entitle the employee to two minimum three hour payments at the punitive rate.

Clause 3 above relates to situations where an employee is called and cancelled. This provision applies when an employee is called to report to work, provides no technical assistance over the telephone and is advised that his/her services are no longer required before his/her departure from home.

Would you be kind enough to indicate your concurrence to this understanding in the space provided below.

Yours very truly,

R. O. Beatty,
General Manager.

Mr. J.D. Hunter,

Chairman,

Associated Non-Operating Railway Unions,

Negotiating Committee,

2300 Carling Avenue,

Ottawa, Ontario. K2B 7G1

Dear Sir:

This has reference to the award of the Arbitrator, the Honourable Emmett M. Hall dated December 9, 1974, concerning the contracting out of work.

In accordance with the provisions set out on Page 49 of the above-mentioned award, it is agreed that work presently and normally performed by employees represented by the Associated Non-Operating Railway Unions signatory to the Memorandum of Settlement dated May 22, 1985, will not be contracted out except:

- (1) when technical or managerial skills are not available from within the Railway; or
- (2) where sufficient employees, qualified to perform the work, are not available from the active or laid-off employees; or
- (3) when essential equipment or facilities are not available and cannot be made available from Railway-owned property at the time and place required; or
- (4) where the nature or volume of the work is such that it does not justify the capital or operating expenditure involved; or
- (5) the required time of completion of the work cannot be met with the skills, personnel or equipment available on the property; or
- (6) where the nature or volume of the work is such that undesirable fluctuations in employment would automatically result.

The conditions set forth above will not apply in emergencies, to items normally obtained from manufacturers or suppliers nor to the performance of warranty work.

It is further agreed that at a mutually convenient time at the beginning of each year and, in any event, no later than January 31 of each year, representatives of the Union will meet with the designated officers to

discuss the company's plans with respect to contracting out of work for that year. In the event union representatives are unavailable for such meetings, such unavailability will not delay implementation of company plans with respect to contracting out of work for that year.

In addition, the company will advise the union representatives involved, in writing, as far in advance as is practicable, of its intention to contract out work which would have a material and adverse effect on employees. Except in case of emergency, such notice will be no less than 30 days.

Such advice will contain a description of the work to be contracted out; the anticipated duration; the reasons for contracting out and, if possible, the date the contract is to commence. If the General Chairman, or equivalent, requests a meeting to discuss matters relating to the contracting out of work specified in the above notice, the appropriate company representative will promptly meet with him for that purpose.

Should a General Chairman, or equivalent, request information respecting contracting out which has not been covered by a notice of intent, it will be supplied to him promptly. If he requests a meeting to discuss such contracting out, it will be arranged at a mutually acceptable time and place.

Where a union contends that the company has contracted out work contrary to the foregoing, the union may progress a grievance by using the grievance procedure which would apply if this were a grievance under the collective agreement. Such grievance shall commence at Step 2 of the grievance procedure, the union officer submitting the facts on which the union relies to support its contention. Any such grievance must be submitted within 30 days from the alleged non-compliance.

Yours truly,

P. A. Dymont, General Manager.

Dear Sirs:

This has reference to discussions during current contract negotiations with respect to the railway's proposal regarding the desirability of undertaking special arrangements for an employee who becomes physically disabled during the course of his/her employment and is unable to perform the regular duties of his/her assigned position and is unable to exercise his/her seniority on a position which he/she is capable of performing.

This letter will confirm our understanding that, in such circumstances, the proper officer of the company and the General Chairman of the union concerned will meet to see if arrangements can be made to provide employment to the employee concerned within the bargaining unit. The parties may by mutual agreement, place a disabled employee on a position that his/her qualifications and ability allow him/her to perform, notwithstanding that it may be necessary to displace an able-bodied employee in the bargaining unit so as to provide suitable employment. The permanently assigned employee so displaced will be allowed to exercise seniority onto a position within the bargaining unit that he/she is qualified for and has the ability to perform.

A disabled employee placed on a position shall not be displaced by an able-bodied employee so long as he/she remains on that position except when a senior employee is otherwise unable to hold a position within his/her seniority group.

Should the disabled employee subsequently recuperate, he/she shall be subject to displacement, in which case such employee will exercise seniority rights. When a senior able-bodied employee believes that the provisions of this letter will result in undue hardship, the General Chairman may discuss the circumstances with the company.

The above understanding is to provide guidelines for assisting disabled employees to continue to be employed.

If you are in accord with the above, would you please so indicate

below.

Yours truly,
