The undersigned representatives of the above-mentioned parties agree to the principles outlined below as developed by the Joint Evaluation Committee for the Position Evaluation Program.

A. PURPOSE

The Position Evaluation Program is specifically designed to establish and maintain the internal relativity of all positions within the jurisdiction of the CUPE bargaining unit. It also provides a basis for the establishment of wages.

B. POLICY

All currently-occupied positions will be evaluated through the maintenance program. The following procedures shall be followed:

- a) New or amended position descriptions will be prepared whenever the position is changed due to organizational changes or the addition or deletion of responsibilities.
- b) The position descriptions will be reviewed for accuracy prior to refilling after a termination or other reason for becoming vacant.
- c) Where an Employee is required to be accountable for responsibilities not included in their current position description, the Employee shall identify those responsibilities in writing to their direct supervisor, with copies to the Union and to their respective Human Resources Consultant. Submitted requests for review shall be completed within a timely manner but shall not exceed six (6) months from the date of submission by the Employee. When changes to the position description are evident as a result of (a), (b), above, the procedure will be as prescribed under Section E, 'Describing and Rating Procedure.'
- d) The Union may submit a position evaluation dispute to grievance in accordance with Article 60. 'Hearing of Grievances and Disputes' of the Collective Agreement, except that such grievance shall be submitted specifically to the Human Resources as the first level.
- e) Where, as a result of a new or revised position description, the wage rate for the position is less than that presently being received by the incumbent, the incumbent will be 'red circled.'

- h) In the event an out-of-schedule rate for a position is introduced which applies to all incumbents in that position, the City shall notify Local 417 and such out-of-schedule rate shall continue in effect until the employer decides that the conditions which gave rise to it no longer exist. At that time the rate for the position shall be the evaluated rate, but any employee who was being paid the out-of-schedule rate shall continue to be paid the equivalent of the out-of-schedule rate, while working in the position, for a period of nine (9) months following the employer's termination of the out-of-schedule rate. All employees to whom this clause is applicable shall be notified accordingly, including new employees hired during the nine (9) month period, of the evaluated rate for the job classification.

- j) Position Rating is the selected degree levels, points, reasons for the rating, and the total points established for a job in accordance with the Rating Manual.
- k) Position Evaluation Committee is a committee with equal representation from the Union and the Employer, which will make decisions on matters pertaining to the Position Evaluation Program which are referred to it by the Employer or the Union or by both parties. When the committee is unable to reach a decision, the matter will follow the normal grievance procedure.
- l) Out-of-Schedule Rate is a wage rate paid to an employee, for a specific purpose and for a specified period of time, that is in excess of the maximum rate that is determined for the position in accordance with the Position Evaluation Program.
- m) Points is the numerical expression for measurement of each degree within each factor.
- n) Rating Manual contains the basic guides for analyzing and evaluating the content of a position from the description.
- o) Red Circled is the term used to describe a situation where the incumbent of a position is currently being paid at a wage in excess of that assigned to the position.
- p) Total Points is the sum of all points allotted to each position for all factors as determined in accordance with the Rating Manual.

D. GENERAL GUIDELINES

In the application of the Rating Manual the following general rules shall apply:

- a) It is the content of the position that is being analyzed, not the individual in the position.
- b) Positions are to be evaluated without regard to existing wage rates.
- c) Positions are to be placed in the appropriate level in each factor by considering the specific requirements of each position, the factor definition, and the description of each factor level.
- d) Workload is not a consideration when evaluating a position.
- e) No interpolation of factor degrees is to be made in the use of this program (i.e. no insertion of a factor rating that falls between the established degrees of the factor).

- f) The position description and rating of each position shall be relative to, consistent with, and in conformance to the position description and rating of the benchmark position and all other positions in the bargaining unit.

E. DESCRIBING AND RATING PROCEDURE

The following procedure shall be followed:

- a) The City shall prepare a proposed position description in accordance with the requirements of the Position Evaluation Program and its manual.
- b) If the position has an incumbent, the proposed position description shall be forwarded to said incumbent and incumbent's supervisor for comment and/or approval.
- c) The reviewed proposed position description shall then be forwarded to the Human Resources Manager who will:
 - i) If the incumbent and supervisor agree on the contents of the position description, forward the description to the Position Evaluation Committee or
 - ii) If there is some disagreement on the contents of the position description, work with the incumbent and the supervisor until agreement is reached and then forward to the Position Evaluation Committee or
 - iii) If agreement cannot be reached between the incumbent and the supervisor, present the case to the City Manager for a decision on the description's contents and then forward to the Position Evaluation Committee.
- d) The Position Evaluation Committee shall jointly rate the position.
- e) The position rating shall then be signed by the Position Evaluation Committee as the official position rating with a copy forwarded to the Union and the Employer.
- f) In the event that the Position Evaluation Committee is unable to agree upon a rating, the City may install the proposed description and its proposed rating and shall formally advise the Union, who may within thirty (30) days of receipt of the unilateral installation decision lodge a grievance as provided for in the Collective Agreement, except that such grievance shall be submitted specifically to the Human Resources Department as the first level.
- g) If the incumbent of the position or the supervisor of the position does not agree with the rating, an appeal may be filed with the Position Evaluation Committee. The appeal shall be filed in writing on the official appeal form and shall state the reason for the appeal and provide facts and details to substantiate the appeal. Nothing contained herein shall inhibit the right of an incumbent to grieve against the position description.
- h) The Position Evaluation Committee's decision on the appeal shall be final and binding upon the parties and the employees affected.

ADDENDUM #4 POSITION EVALUATION (Application)

The undersigned representatives of the above-mentioned parties agree to the maintenance of the Position Evaluation Program as developed by the Joint Evaluation Committee subject to the conditions outlined below.

1. The parties have agreed upon a Position Evaluation Manual. This Manual is established as an aid to the parties to establish and maintain the Position Evaluation Program, specifically for the purpose of providing and maintaining the basis of an equitable wage structure and providing the method by which position descriptions and position ratings shall be maintained to meet new and changing conditions and work requirements.
2. The parties have agreed upon the descriptions and ratings of certain positions, referred to as 'benchmark positions,' which are a representative selection of positions chosen from the bargaining unit and are used as the basis for comparison and guidance in applying the position evaluation process to all positions performed by employees coming within the Local 417 bargaining unit.
3. The parties agree that this addendum (Position Evaluation - Application) applies to all jobs performed by employees coming within the Local 417 bargaining unit, and further agree that no basis shall exist for an incumbent employee in Local 417 bargaining unit to claim that a wage rate inequity exists, except as provided for herein as Item 8.
4. Wage levels established for each position, as set out in the appended salary schedule, shall apply to an incumbent employee during such time as the employee is assigned to perform the duties of the position, except in the case where an employee is subject to the provisions set out in the case of 'red circling.'
5.
 - a) Each employee who has been 'red circled' shall continue to receive the 'red-circled' rate until:
 - i) The employee successfully obtains a position where the position rate is close to or at, but does not exceed, the employee's 'red- circled' rate.
 - ii) The annual wage adjustments for the position equals or exceeds the employee's 'red- circled' rate.
 - b) In order to facilitate the upgrading of 'red-circled' employees to positions more in line but not exceeding their 'red-circled' rate, the provisions of Article 10.3 shall be waived only in the following manner:

"The ranking provision defined in Article 10.3 shall prevail for all employees seeking promotion except that 'red-circled' employees shall be entitled to apply for any job offering a wage close to but not exceeding their 'red-circled' rate, regardless of what department the vacancy occurs in and, further, shall be entitled to have their City-wide seniority applied as priority ranking.

Any such 'red-circled' applicant shall have their application considered based solely upon ability to assimilate the knowledge necessary to successfully complete the training, retraining, or development provided, and/or their City-wide seniority."

- c) In the upgrading process of 'red-circled' employees only permanent employees may compete for permanent vacancies and only non-permanent employees may compete for temporary vacancies.
- d) When a 'red-circled' employee has successfully obtained a position with a higher rate of pay, the City will provide, at no cost to the 'red-circled' employee, up to three (3) months of off-site training and/or six (6) months of on-the-job training to enable the 'red-circled' employee to satisfactorily perform the duties of the higher position. The trial period for this employee will commence upon the completion of the off-site or on-the-job training period.
- e) The Human Resources Department shall be responsible to facilitate, to the extent possible, the elimination of the 'red circling' of employees by:
 - i) Ensuring that 'red-circled' employees are aware of appropriate opportunities for upgrading.
 - ii) Ensuring that 'red-circled' employees are given fair consideration in the competition process and that the conditions provided in this addendum are adhered to.
 - iii) Ensuring that any necessary training and/or development that is identified as being required by the 'red-circled' employee to upgrade the employee for the position is provided.

No appointments will be made without the concurrence of the Human Resources Department.

- f) The Union shall have made available to it a complete listing of all 'red-circled' employees, their City service-wide seniority, section and subsection seniority, their 'red-circled' position, and their age.
6. The Employer shall continue to supply Local 417 with a list of all employees. Such list shall contain the following information:
- a) Name of employee and department.
 - b) Position title.
 - c) Position rating and wage level resulting from position evaluation.
 - d) Employee's existing wage rate.
7. The Local 417 members on the Position Evaluation Committee will be allowed leave of absence with pay from time to time to carry out evaluation business and will retain all their rights as contained in the Collective Agreement.
8. a) Within sixty (60) days of receipt of the position description and position rating following the maintenance of the Position Evaluation Program, employees who disagree with the description or rating that has been established for their position, or Department Heads who disagree with a description or rating that has been established for a position within their department, may lodge an appeal with the Position Evaluation Committee requesting a review of the description and/or rating of the job. The appeal shall be in writing and must state the reason or reasons why the incumbent or Department Head disagrees with the position

description and/or rating of the position.

- b) Each appeal shall be submitted in writing on an official appeal form agreed to by the Position Evaluation Committee, and the appeal reply shall be made in writing on an official appeal decision form agreed to by the Position Evaluation Committee.
 - c) The appeal decision and reason for such decision of the Position Evaluation Committee shall be communicated in writing to both the incumbent and Department Head concerned.
 - d) The appeal decision of the Position Evaluation Committee shall be considered final and binding upon the parties and the employee concerned.
 - e) Should the Position Evaluation Committee not be able to reach a decision on the appeal, the matter shall be referred to the principals involved (the Employer and the Union) by the Position Evaluation Committee for resolution. Either principal may submit the matter to grievance and, if necessary, arbitration for a decision in accordance with the applicable grievance provisions contained in the Collective Agreement.
9. For calculating the correct rate of pay effective January 1, 2015, the following shall be deemed to be the evaluated base rate and cost per point.
- a) Office Workers' Position Evaluation Program Rating
Rate of \$23.30 per hour for 224 points with 1 point above or below being worth 4.87 cents.
 - b) Non Office Workers' Position Evaluation Program Rating

10. For calculating the correct rate of pay effective January 1, 2016, the following shall be deemed to be the evaluated base rate and cost per point.

 - b) Non Office Workers' Position Evaluation Program Rating

b) Non Office Workers' Position Evaluation Program Rating

Rate of \$22.75 per hour for 170 points with 1 point above or below being worth 3.05 cents.

12. If, during the life of this Agreement, the Employer expands the use of 'out-of-schedule' rates to include twenty-five percent (25%) or more of the classifications covered by this Agreement, the compensation-to-points ratio will be open to re-negotiation.
