**CANADIAN STANDARD FOR
EXCELLENCE DISCIPLINARY GUIDELINE**

The **United Association Standard for Excellence** policy not only outlines the obligations of UA members on the job; it also spells out the obligations of our signatory contractors as well. In this way, we are making it clear to all parties – including construction owners – that we are dedicated to doing the best job possible.

Employees are obligated to provide a fair day's work for a fair day's wages. Contractors must be fair to employees, but also have a role in the promotion of a strong unionized sector. Being fair does not mean "looking the other way" when an infraction occurs. Nor does it mean that the Contractor should merely lay off an incompetent or insubordinate employee when that employee may need counseling, discipline or, in

irreparable and egregious cases, **exclusion** from the industry. All parties have a **role** in this regard.

The **United** Association and its signatory contractors hereby have established and shall maintain a common disciplinary guideline.

It is agreed that the United Association and its signatory contractors will make all **parties** aware of the disciplinary guideline for violation **of** company and client on-site rules.

PROGRESSIVE DISCIPLINARY GUIDELINE

- 1. VERBAL WARNING:** An employee who has committed an infraction is verbally **warned** and told that if the infraction occurs again (within some specified period), the degree **of disciplinary** action will be increased.

Some examples: minor safety policy violations, minor work-site disruptions, poor workmanship issues, attendance (reporting **to work late**) **problems**, verbal abuse to Supervisor and co-workers.

- 2. WRITTEN WARNING:** If the **employee** again commits the same or similar violation within the specified period (or possibly an unrelated infraction), the employee will **be** given a written warning which will be placed **on his/her personnel** file. The employee will be told that if any further misconduct occurs, **the** employee will be disciplined again, more severely.
- 3. SUSPENSION AND FINAL WARNING:** If the employee again transgresses in the misconduct, **he/she** will be suspended from employment for a period of time without pay and will be given a final warning.

This warning clearly will normally specify discharge as the result of another infraction. This step may be repeated, however, for example, a one-day, then a five-day suspension.

- 4. DISCHARGE:** If the employee again is guilty of misconduct (as outlined in Step 3), the employee may be discharged.

The Employee may also be immediately discharged, at **the** Contractor's discretion, **for** serious disciplinary misconduct.

In **other** cases **of** sufficiently serious misconduct, the Contractor at its discretion may skip any of **the** preceding steps.

Some examples of serious disciplinary misconduct: Fraud, Severe Health and Safety policy violations, severe work place disruptions, workplace violence and/or intimidation, etc.

Affairs United Association
