6.05(b) nothing in this provision is intended to preclude the union negotiating committee from having the assistance of any representatives of the union when negotiating with the hospital.

## **ARTICLE 7 - GRIEVANCE PROCEDURE**

7.01 For purposes of this Agreement, a grievance is defined as a difference arising between the parties relating to the interpretation, application, administration or alleged violation of this Agreement, including any question as to whether a matter is arbitrable.

7.02 It is the mutual desire of the parties hereto that complaints of employees shall be adjusted as quickly as possible, and it is understood that an employee has no grievance until they have first given their immediate Supervisor the opportunity of adjusting their complaint. If an employee has a complaint, such complaint shall be discussed with their immediate Supervisor within fourteen (14) calendar days after the circumstances giving rise to the complaint have originated or occurred. If the immediate Supervisor is unable to adjust a complaint to their mutual satisfaction within five (5) calendar days, the employee may proceed with the grievance procedure within fourteen (14) calendar days following the decision of the immediate Supervisor. Any employee is entitled, upon request, to have a CAW Committeeperson present with them when meeting with the immediate Supervisor to attempt to adjust their complaint.

7.03 A grievance of an employee properly arising under this Agreement shall be adjusted and settled as follows:

### **Step No. 1**

The employee, with the assistance of a CAW Committeeperson, if desired, must submit a written grievance signed and dated by the employee, to The Manager of Labour Relations or designate. The nature of the grievance, the remedy sought, and the section or sections of the Agreement which are alleged to have been violated shall be set out in the grievance. The Manager of Labour Relations will deliver their decision in writing five (5) calendar days

after receipt of the grievance in writing. Failing settlement, the next step of the grievance procedure may be taken.

## **Step No. 2**

In the event that the response in Step 1 is not satisfactory, within five (5) calendar days following the decision, the grievance must be re-submitted to the Manager, Labour Relations (or designate) to be discussed at a meeting between the Manager, Labour Relations (or designate), the said Committee person, the grievor(s) and the Union Grievance Committee within five (5) calendar days of receipt of the grievance. Either party may have assistance from outside the Hospital at this stage if desired. The Manager, Labour Relations (or designate) shall give written disposition within five (5) calendar days of the day of such meeting. Failing settlement, either party may submit the matter to arbitration within ten (10) calendar days after the reply in Step 2 is given. If no written request for arbitration is received within such ten (10) calendar day period, the grievance shall be deemed to have been abandoned.

### **7.04 Policy Grievance**

A grievance arising directly between the Hospital and the Union concerning the interpretation, application or alleged violation of the Agreement must be originated under Step No. 2 within seven (7) calendar days of the event giving rise to the grievance. Failing settlement under Step No. 2 within fourteen (14) calendar days, it may be submitted to arbitration in accordance with Article 8. However, it is expressly understood, that the provisions of this paragraph may not be used by the Union to institute a complaint or grievance directly affecting an employee which such employee could them self institute and the regular grievance procedure shall not be thereby by-passed except only where it is established by the Union that the interest of the bargaining unit as a whole is involved and may be affected by the resolution of the issue resulting from the complaint.

### **7.05 Discharge Grievance**

**7.06** A grievance involving the discharge of an employee must be reduced to writing and originated under Step 2 within fourteen (14) calendar days of the employee being notified of their discharge. An employee may only be discharged for just cause, except that within 45 shifts worked or 337.5 hours whichever occurs first, as and from the date of employment, an employee who has not completed their probationary period, may be terminated on the basis of a fair and proper assessment of their suitability for employment with the Hospital, but which action may be taken up as a grievance.

### **7.06 Group Grievance**

Where two or more employees have grievances of a similar nature and each employee would be entitled to grieve separately, all such employees shall sign the grievance form and submit the grievance at Step 2 within fourteen (14) calendar days of the event giving rise to the grievances. The grievances shall be processed as one grievance subject to all applicable provisions under the grievance procedure. The Manager of Labour Relations shall respond to the group grievance within seven (7) calendar days. . Failing settlement under Step No. 2 within fourteen (14) calendar days, it may be submitted to arbitration in accordance with Article 8.

### **7.07**

All agreements reached under the grievance procedure between the representatives of the Hospital and the representatives of the Union will be final and binding upon the Hospital and the Union and the employee or employees involved.

## **ARTICLE 8 – ARBITRATION**

8.01 Where a difference arises between the parties relating to the interpretation, application or administration of this agreement, including any questions as to whether a matter is arbitrable, or where an allegation is made that the Agreement has been violated, either of the parties may, after exhausting the grievance procedure as established by this Agreement, submit the difference or allegation to arbitration.

Where the parties agree, the matter shall be determined by a sole arbitrator as listed herein, by rotation. In the event that the parties are unable to agree to a sole arbitrator and within seven (7) calendar days thereafter the other party shall name a nominee provided, however, that if such party fails to name a nominee as herein required, the Office of Arbitration of the Ministry of Labour of the Province of Ontario shall have the power to effect such appointment upon application thereto by the party invoking the arbitration procedure. The two nominees shall select, by rotation, a Chairperson of the Arbitration Board from a list of arbitrators as follows:

Gail Brent  
Ilan Hunter  
Tim Armstrong  
Louisa Davie

8.02 No person may be appointed as an arbitrator who has been involved in an attempt to negotiate or settle the grievance.

8.03 No matter may be submitted to arbitration, which has not been carried through all the requisite steps of the grievance procedure.

8.04 The arbitrator/Board of Arbitration shall not have the jurisdiction to alter or change any of the provisions of this Agreement, nor substitute any new provisions in lieu thereof, nor to give any decision inconsistent with the terms and provisions of this Agreement, nor to deal with any matter not covered by this Agreement. The Arbitrator/Board of Arbitration however in respect of a grievance involving a penalty shall be entitled to modify such penalty.

8.05 All reasonable arrangements will be made to permit the sole arbitrator/Board of arbitration to have access to the facility to view any disputed operation involved in the grievance.

8.06 Time limits fixed in the grievance procedure and arbitration procedures may be extended by a request in writing to the other party.

8.07 Each of the parties hereto will bear the expense of the nominee appointed by it, and the parties will share equally the fees and expenses, if any, of the Chairperson of the Arbitration Board.

## **ARTICLE 9 - ADMINISTRATION OF DISCIPLINE**

9.01 The Union Chairperson or a Committee person will be present during all warnings regarding disciplinary actions. When an employee is called to an interview, and the subject of the interview is or becomes disciplinary in nature, the employee will be so informed by the employer's representative, when given notice of the interview and will be advised to have her Union Representative present. A copy of any warnings to be placed in an employee's file must be copied to the Union Chairperson. An employee may waive their right to union representation in writing to the union. Discipline is defined as a verbal or written warning, reprimand, suspension, or other disciplinary action to an employee.

9.02 No disciplinary action shall remain against an employee's record for a period longer than twelve (12) months from the date of the occurrence giving rise to the discipline.

### **9.03 Access to Personnel Files**

An employee, upon written request to the Labour Relations Manager or their designate, shall have an opportunity to view information from their personnel file including, their application form, any formal disciplinary notations and evaluations and any incident reports retained in the file. Such requests to view a personnel file will take place no later than seventy-two (72) hours (Monday to Friday) from the time of the request.

## **ARTICLE 10 - SENIORITY**

10.01 Where a part-time employee transfers to the full time bargaining unit or vice versa without loss of seniority and employment rights as stated in the Loss of Seniority Provision in this agreement the employee will not be required to serve a probationary period provided

such employee has completed the employment probationary period under the probationary period clause of their former bargaining unit's collective Agreement.

10.02 An employee will be considered on probation until after they have completed forty-five (45) days of work or 337.5 hours, whichever occurs first, within any twelve (12) calendar months. . Within the probationary period the employee may be terminated on the basis of a fair and proper assessment of their suitability for employment with the Hospital, but which action may be taken up as a grievance. The probationary period may be extended by mutual agreement between the Hospital, the Union and the Employee up to a maximum period of 60 days worked or 450 hours, whichever should occur first. Upon completion of such probationary period, the employee's name will be placed on the appropriate seniority list with seniority dating from the date they were last hired by the Hospital.

10.03 Seniority lists shall be prepared by the hospital four times a year, (March 1st, June 1st, September 1st & December 1st). Sufficient copies shall be produced so that seniority lists will be posted on all bulletin boards in the hospital and a copy supplied to the chairperson and the Secretary as well as a copy for the Union office. Seniority lists will be made up on both a departmental basis and hospital wide basis.

10.04 Upon completion of the employment probationary period, employees shall be placed on the seniority list in accordance with their date of hire. Seniority and service for all purposes shall be based on the employee's last date of hire and will accumulate thereafter until seniority is lost and the employee deemed terminated under the Loss of Seniority provision as contained in this collective agreement.

### **Transfer of Service Credits**

10.05 (a) Where a full-time employee transferred to the part-time bargaining unit without loss of seniority and employment rights as stated in Article 10:01 or Article 11, the employee's date for purposes of placement on the part-time seniority list will be their last date of hire by the Hospital.

10.05 (b) Where a part-time employee transfers to the full-time bargaining unit without loss of seniority and employment rights as stated in the Loss of Seniority Provision, the employee's date for purposes of placement on the full-time seniority list will be calculated by dividing their hours by 1650 hours to equate one year. An employee so transferred will maintain their position on the wage grid. In no case will such calculation result in a seniority date which precedes the original date of hire by the Hospital.

10.06 In cases of promotion, demotion, transfer, lay-off and recall, an employee's seniority will be given preference provided the senior employee has the necessary qualifications and ability to perform the work available.

10.07 Where a vacancy occurs within a classification and the position is preferable in nature by virtue of offering steady day shifts on a Monday to Friday basis, the Hospital,

in its review of personnel to be assigned to the position, will give consideration to the seniority of those being considered and if all of the other factors are comparatively equal, the position will be assigned to the employee most senior. It should be noted however, that such an assignment will not guarantee that the preferred nature of the position will continue indefinitely.

### **PART TIME ONLY**

Effective for those employees who transfer on or after June 4, 2001, a part-time employee transferring will maintain their vacation entitlement in weeks of vacation equivalent to the appropriate percentage in lieu of vacation as they had at the time of transfer.

## **ARTICLE 11 - LOSS OF SENIORITY AND EMPLOYMENT RIGHTS**

11.01 An employee shall lose all service and seniority and shall be deemed to have been terminated if they:

- (a) Have been laid off for 36 months;
- (b) Resign;
- (c) Are discharged and not reinstated through the grievance and arbitration procedure;
- (d) Are retired;
- (e) Are absent from scheduled work for a period of 3 or more consecutive working days without notifying the Hospital of such absence and providing to the Hospital a satisfactory reason for the absence;
- (f) If an employee has been laid off and fails to return to work within 7 calendar days after the employee has been notified by the Hospital through registered mail and/or certified mail addressed to their last address on the records of the Hospital. It is the employee's responsibility to ensure that their home address and telephone number are current at all times. If the employee fails to do this, the Hospital will not be responsible for failure to notify.
- (g) Fails to return to work upon the expiration of a leave of absence granted by the Hospital, without permission in writing from the Hospital.
- (h) Utilizes a leave for purposes for other than which it was granted

Article 11.01 shall be interpreted in a manner consistent with the Human Rights Code.

## ARTICLE 12 – LABOUR ADJUSTMENT COMMITTEE

(a) With respect to the development of any operating or restructuring plan, which affects the bargaining unit, the Union shall be involved in the planning process from the early phases through to the final phases of the process. The Hospital agrees to discuss intended changes and the rationale for making such changes with the Union Committee prior to their implementation.

### (b) **Labour Adjustment Committee**

In addition to that, and to any other planning committee in the Hospital of a more broadly representational make-up, there shall be immediately established a Labour Adjustment Committee for the bargaining unit, which shall meet during the term of this agreement every three months, unless otherwise mutually agreed by the Parties.

The Full Time and Part Time Chairpersons will meet quarterly each year at a time to be mutually agreed upon with the President and Chief Human Resources Officer. The purpose of this meeting will be to discuss issues as they relate to the relationship between the Hospital and the Union as a means of proactively addressing areas of concern. Agendas will be developed by the parties and exchanged in advance of the meetings so each party may be prepared for a meaningful dialogue. Such meeting may include others invited by either the Hospital or the Union to act as a resource to the meeting.

It shall be the function of the Labour Adjustment Committee to consider possible ways and means of avoiding or minimizing potential adverse effects upon employees in the bargaining unit, including:

- (i) Identifying possible alternative actions that may minimize the disruptive affect of staffing changes;
- (ii) Identifying and seeking ways to address the retraining needs of employees;
- (iii) Identifying vacant positions within the Hospital for which surplus members Of the bargaining unit might qualify, or such bargaining unit positions which are currently filled but which are expected to become vacant within a twelve (12) month period.

### **Composition and Meetings**

The Labour Adjustment Committee shall be comprised of equal numbers of representatives of the Hospital and from the Union. The number of representatives shall consist of at least two representatives from each party to a maximum of six (6)

representatives from each party.

Meetings of the Labour Adjustment Committee shall be held during normal working hours. Representatives attending such meetings during their regularly scheduled hours of work shall not lose regular earnings as a result of such attendance. The Hospital shall make typing and other such clerical assistance available as required.

Each party shall appoint a co-chair for the Labour Adjustment Committee. Co-chairs shall chair alternate meetings of the Committee and will be jointly responsible for establishing the agenda of the Labour Adjustment Committee meetings, preparing minutes and writing such correspondence as the Labour Adjustment Committee may direct.

### **Disclosure**

To allow the Labour Adjustment Committee to carry out its mandated role under this Article, the Hospital will provide the Labour Adjustment Committee with pertinent financial and staffing information and with a copy of any reorganization plans which impact on any employee of the bargaining unit.

### **Accountability**

The Labour Adjustment Committee shall submit its written recommendations to the Chief Executive Officer of the Hospital and the Board of Trustees. Where there is no consensus within the Labour Adjustment Committee, the individual members of the Labour Adjustment Committee shall be entitled to submit their own recommendations.

Where the implementation of any agreement reached by the Labour Adjustment Committee conflicts with the terms of the collective agreement, the Hospital and the Union may agree to waive the respective provision of the collective agreement.

## **ARTICLE 13 – NOTICE OF LAYOFF**

### **Notice**

In the event of a proposed layoff at the Hospital of a permanent or long-term nature or the elimination of a position within the bargaining unit, the Employer shall:

- (i) Provide the Union with no less than five (5) months written notice of the proposed layoff or elimination of position; and
- (ii) Provide to the affected employee(s), if any, no less than five (5) months written notice of layoff, or pay in lieu thereof.

Note: Where a proposed layoff results in the subsequent displacement of any member(s) of the bargaining unit, the original notice to the Union provided in (i) above shall be considered notice to the Union of any subsequent layoff.

## **Reassignment**

A layoff shall not include a reassignment of an employee from her or his classification or area of assignment who would otherwise be entitled to notice of layoff provided:

1. The reassignment of the employee is to an appropriate permanent job with the employer having regard to the employee's skills, abilities, qualifications and training or training requirements;
2. The reassignment of the employee does not result in the reduction of the employee's wage rate or hours of work (for pt staff hours will mean an average over the previous 6 month period)
3. The job to which the employee is assigned is located at the employees original work site;
4. The job to which the employee is reassigned has a usual shift assignment;
5. Where more than one employee is to be assigned in accordance with this provision, the reassigned employees shall be entitled to select from the available appropriate vacancies to which they are being reassigned in order of seniority provided no such selection causes or would cause a layoff or bumping.
6. For purposes of reassignment only, training provided will be in accordance with the Hospital's customary provision for the job posting procedure.

Any vacancy to which an employee is reassigned pursuant to the above need not be posted.

## **SEVERANCE AND RETIREMENT OPTIONS**

### **(a) Severance Payment**

Within the lesser of thirty (30) calendar days from the date of notice of layoff or the notice provided above an employee with more than twelve (12) months service with the Hospital who has received notice of layoff of a permanent or long-term nature may resign, forfeiting the right to any further notice and all recall rights as provided by the Collective Agreement.

Where an employee resigns within 30 days after receiving notice of layoff

pursuant to Article 13 that his or her position will be eliminated, he or she shall be entitled to a separation allowance of two (2) weeks' salary for each year of continuous service to a maximum of twelve (12) weeks' pay, (**note** for part time employees normal weekly salary will be calculated by dividing by 20, the employee's hours in the 20 week period immediately prior to date of notice of layoff and then multiplying by the employees regular base hourly rate of pay) and, on production of receipts from an approved educational program, within twelve (12) months of resignation, may be reimbursed for tuition fees up to a maximum of three thousand (\$3,000) dollars.

Where an employee resigns later than 30 days after receiving notice pursuant to Article 13 that his or her position will be eliminated, he or she will be entitled to a separation allowance of four (4) weeks' salary, and on production of receipts from an approved educational program, within twelve (12) months of resignation, may be reimbursed for tuition fees up to a maximum of one thousand two hundred and fifty (\$1,250) dollars.

- b) An employee who has completed one year of service and
- i. whose layoff is known to be permanent at the time of layoff:
  - ii. who is laid off for 26 full weeks in any 52 week period and who has not elected to receive a severance payment under either (a) of this article;

shall be entitled to severance pay equal to the greater of two week's pay, or two week's pay per completed year of service to a maximum of twenty six weeks ( subject to deductions required by law). This entitlement shall not be in addition to any entitlement to severance pay under the Employment Standards Act, but at the same time, shall not preclude an employee from claiming any greater entitlement which that Act may at some point come to provide.

An employee may elect to defer receipt of this severance payment while his or her recall rights are in effect. Once an employee does opt to receive severance payment, he or she shall be deemed to have resigned, his or her recall rights shall be extinguished, and his or her employment terminated.

(c) **Early Retirement Option**

Prior to issuing notice of layoff pursuant to the notice of layoff provision in this collective agreement, in any classification(s) the Hospital will offer early retirement allowance to a sufficient number of employees eligible for early retirement under HOOPP within the classification(s) in order of seniority, to the extent that the maximum number of employees within a classification

who elect early retirement is equivalent to the number of employees (within the classifications) who would otherwise receive notice of layoff under the notice of layoff provision in this collective agreement.

Within thirty (30) calendar days from the date of notice of layoff an employee who has received notice of layoff of a permanent or long-term nature may retire provided that the employee is eligible to retire under the terms of the Hospitals of Ontario Pension Plan. An employee who chooses this option forfeits their right to notice, recall, and their employment is terminated. Such employee will receive severance pay on the basis of the two (2) week's pay for each year of service with the Hospital to a maximum of twenty-six (26) weeks on the basis of the employee's normal weekly earnings.

(note: for part time employees week's pay will be calculated by dividing by 20, the employee's hours in the 20 week period immediately prior to date of notice of layoff and then multiplying by the employees regular base hourly rate of pay)

An employee choosing this option will receive a lump sum payment (subject to deductions required by law) equal to \$1,000.00 for each year that the employee is less than 65 years of age to a maximum payment of \$5,000.00 (subject to deductions required by law)

The Hospital, at its discretion, may offer an employee the above Retirement Allowance at any time. It is understood that accepting Retirement Allowance is voluntary on the part of the employee.

## **LAYOFF AND RECALL**

- (a) In the event of layoff, the Hospital shall layoff employees in the reverse order of their seniority within their classification, providing that the employee(s) who remain on the job have the ability to perform the work available.
- (b) An employee who is subject to layoff shall have the right to either
  - (i) Accept the layoff; or
  - (ii) Displace an employee who has lesser bargaining unit seniority and who is the least senior employee in a lower or identical paying classification in the bargaining unit if the employee originally subject to layoff can perform the duties of the lower or identical classification without training other than orientation. Such employee so displaced shall be laid off subject to the lay off procedure.

**NOTE:** An identical paying classification shall include any classification where

the straight time hourly wage rate at the level of service corresponding to that of the laid-off employee is within 1% of the laid-off employee's straight time hourly wage rate.

In the event that there are no employees with lesser seniority in lower or identical paying classifications as defined in this article, a laid-off employee will have the right to displace an employee with lesser seniority, who is the least senior employee in a classification where the straight time hourly rate at the level of service corresponding to that of the laid-off employee is within 5% of the laid-off employee's straight time hourly rate provided he can perform the duties without training other than orientation. Such employee so displaced shall be laid off subject to the lay off procedure.

- (c) An employee shall have the opportunity of recall from a layoff to a vacancy, in order of seniority provided he has the ability to perform the work before such vacancy is filled on a regular basis under a job posting procedure. The posting procedure in the collective agreement shall not apply until the recall process has been completed.
- (d) In determining the ability of an employee to perform the work for the purposes of the paragraphs above, the Hospital shall not act in an arbitrary or unfair manner.
- (e) An employee recalled to work in a different classification from which the employee was laid off shall have the privilege of returning to the position he held prior to the layoff should it become vacant within six (6) months of being recalled.
- (f) No new employee shall be hired until all those subject to recall have been given an opportunity to return to work and have failed to do so, in accordance with the loss of seniority provision, or have been found unable to perform the work available.
- (g) It is the sole responsibility of the employee who has been laid off to notify the Hospital of his intention to return to work within five (5) working days (exclusive of Saturdays, Sundays, and paid holidays) after being notified to do so by registered mail, addressed to the last address on record with the Hospital (which notification shall be deemed to have been received on the second day following the date of mailing) and to return to work within seven (7) working days after being notified. The notification shall state the job to which the employee is eligible to be recalled and the date and time at which the employee shall report for work. The employee is solely responsible for his proper address being on record with the Hospital.
- (h) Employees on layoff or notice of layoff shall be given preference for

temporary vacancies which are expected to exceed ten (10) working days. An employee who has been recalled to such temporary vacancy shall not be required to accept such recall and may instead remain on layoff.

- (i) No full time employee within the bargaining unit shall be laid off for the sole purpose of assigning his or her duties to part time employees. This clause shall not restrict the Hospital from changing the compliment of full and part time positions where it can be demonstrated to be a legitimate operational or scheduling requirement.
- (j) In the event that a layoff commenced on the day immediately following a paid holiday, an employee otherwise qualified for holiday pay shall not be disentitled thereto solely because of the day on which the layoff commenced.
- (k) A laid-off employee shall retain the rights of recall for a period of thirty (36) months from the date of layoff.

## **ARTICLE 14 - BENEFITS ON LAYOFF ( Full time only)**

14.01 In the event of a layoff of a full-time employee, the Hospital shall pay its share of benefit premiums up to three (3) months from the end of the month in which the layoff occurs or until the laid-off employee is employed elsewhere, whichever occurs first.

It is understood and agreed to be eligible, the employee must be enrolled on the benefit at the time of layoff and prepay their share of benefit premium and that the short term disability plan is not an insured benefit nor is it to be included in this article.

Further, the LTD plan is an insured benefit but it is not included in this article.

17.09 No employee shall be laid off during their normal schedule of working hours for the sole purpose of depriving them of overtime pay.

17.10 Overtime entitlement may be taken either as a monetary benefit at time and one-

half the employee's regular straight time hourly rate of pay or as time off at the rate of time and one-half hours, for each hour of overtime. Unless mutually agreed to otherwise, any such accumulated time must be taken by March 31 of each year or it shall be paid out by the Hospital.

17.11 Requests for change of shift between employees within the same nursing unit or service department must be submitted, in writing, and on the form provided by the Hospital. The form must state the shifts to be exchanged, the date, and be signed by both employees before the manager or designate will consider the request. Requests for exchange of shifts will not be unreasonably denied. No shift can be given by an employee to another employee without approval of the manager or designate. There shall not be any premium paid as a result of the exchange of shifts, excluding shift and/or weekend premiums. Should an employee request a shift change, the employer will provide approval of such request within a minimum of 48 hours. Where the shift change request is presented on a Friday such reply will be given no later than 1500 hours Monday.

17.12 Except in emergencies, the Hospital shall notify employees at least twelve (12) hours prior to the starting time of their shift if they are to be cancelled from their scheduled shift.

Where the Hospital fails to provide an employee cancellation notice of no less than 12 hours prior to the commencement of the shift, the employee shall be paid at the employee's regular rate of pay for the shift. Note: An employee who reports for work is still covered by the minimum guarantee language and not this clause.

### **PART TIME SCHEDULING – APPLIES TO PART TIME STAFF ONLY**

17.13 All authorized work performed in excess of seven and one-half (7 ½) hours per day or seventy-five (75) hours in a two (2) week pay period exclusive of meal times shall be considered as overtime and shall be paid for at the rate of time and one-half (1 ½) of the employee's basic straight time hourly rate.

17.14 Scheduling - Where part time employees are scheduled on a regular basis, the Hospital will endeavour to keep schedules for work posted four (4) weeks in advance. Employees are expected to inform the Hospital prior to the starting time of their shift if they are unable to report for their scheduled shift. Summer vacation schedules will be posted by May 1st and Christmas Schedules by November 15th.

17.15 Part time employees must be available as required by the Hospital to work twelve (12) months/year, less two (2) weeks vacation entitlement and their commitment will include the following conditions:

1. 2 shifts worked per week and every second weekend up to 6 shifts per pay period. (for this purpose a week is defined as being from Saturday to Friday)

2. Will be scheduled off either the Christmas period (including Christmas Eve (from 1500 hours), Christmas Day and Boxing Day) or the New Year's period (including New Year's Eve (from 1500 hours) and New Year's Day) as per department practice; (note: the 1500 hour reference refers to the department's usual conclusion of the day shift which may be later than 1500 hours)

17.16 Part Time employees will provide their manager or designate with their unavailability by 2400 hours on the Friday, four (4) weeks prior to the posting of the schedule setting out any period of unavailability during the scheduling period. An employee when submitting unavailability shall not be required to be available for more than one shift per day, nor does this preclude an employee from making themselves available for more than one shift per day. Employees will be deemed to be available for all shifts during the posting period if no unavailability is provided to the manager or designate. Part Time employees who limit their availability such that they cannot meet their commitment shall not be prescheduled.

17.17(a) When the schedule is posted, hours will be equitably distributed unless an employee is on vacation or an approved leave of absence. Following the posting of the schedule, available shifts will be offered on the basis of seniority and availability on the nursing unit or service department, up to forty-five (45) hours and then to sixty (60) hours and then to seventy-five (75) in a pay period.

For the distribution of available shifts, a shift offered and refused by an employee when available will be considered to be a shift worked for the purposes of distribution.

17.17(b) Following the posting of the Christmas schedule, there shall be a period of 2 weeks allowing staff, within the same nursing unit or service department, the opportunity to do shift exchanges ( shift for shift on the same schedule ) to accommodate their personal needs.

17.19 Except in emergencies, the Hospital shall notify employees at least six (6) hours prior to the starting time of their shift if they are to be cancelled from their scheduled shift. Where the Hospital fails to provide an employee cancellation notice of no less than 6 hours prior to the commencement of the shift, the employee shall be paid at the employee's regular rate of pay for the shift. Note: An employee who reports for work is still covered by the minimum guarantee language and not this clause.

17.20 Where an employee is called in to replace another employee's shift within the first hour of the shift and reports for work at the Hospital within the first hour of the shift, the employee shall be paid from the commencement of the shift.

17.21 Requests for change of shift between employees within the same nursing unit or service department must be submitted, in writing, and on the form provided by the Hospital. The form must state the shifts to be exchanged, the date, and be signed by both employees before the manager or designate will consider the request. Requests for exchange or shifts will not be unreasonably denied. No shift can be given by an employee to another employee without approval of the manager or designate. Any shift given by one employee to another employee will be considered to be a shift worked for the purposes of distribution. There shall not be any premium paid as a result of the exchange of shifts, excluding shift and/or weekend premiums.

17.22 Should an employee request a shift change, the employer will provide approval of such request within a minimum of 48 hours. Where the shift change request is presented on a Friday such reply will be given no later than 1500 hours Monday.

17.23 There will not be less than a period of eight (8) consecutive hours between shifts scheduled for an employee without the consent of such employee.

17.24 Notwithstanding, employees who are scheduled with less than eight (8) hours between shifts, the Hospital will pay the employee time and one-half for the next shift worked. The foregoing does not apply to staff working on an extended or hybrid tour rotation.

17.27 For the shifts affected by the change from daylight savings time to standard time, and vice versa, the employee shall be paid for hours actually worked. In the Spring, the night shift shall receive one (1) hour less and in the Fall, an extra hour shall be paid at the applicable overtime rate.

17.28 Stats to be worked will be scheduled in conjunction with a weekend except where:

- 1) A reasonable operational issue prevents such scheduling.

**RE: Job Sharing for Registered Practical Nurses and OR Techs**

1. Job sharing is defined as an arrangement whereby two RPNs or OR Techs share the hours of work of what would otherwise be one full-time position.
2. The RPNs or OR Techs involved in a job sharing arrangement will be classified as regular part-time and will be covered by the provisions of the Part Time Collective Agreement.
3. The total number of job shared positions Hospital wide will be up to a maximum of eight (8) positions with a maximum of 2 positions on any single nursing unit. This number may be increased or decreased with the consent of the Union and the Hospital.
4. Where the arrangement arises because of the desire of an incumbent full-time nurse to share her position, she may simply choose to do so without having her half of the job posted. However, the other half of the job-shared position must be posted and the selection based on the criteria set out in the Collective Agreement.
5. If one of the job sharers leaves the arrangement, her position will be posted. If there is not a successful applicant to the position, the shared position must revert to a full-time position. The remaining RPN will have the option of continuing in the original full-time position. If she does not choose to fill the position, as a full-time employee, the position shall be posted.

**SCHEDULING**

1. Posted schedules for the job sharers shall be based on the schedules that would apply to a full-time nurse holding that position, such schedule shall conform to the scheduling provisions of the Full Time Collective Agreement.
2. Total hours scheduled by the job sharers shall equal one full-time position. Job sharers will have the option of determining between themselves which portion of the rotation they will work, however, this determination must be made before the

schedule is posted. If the job sharers are unable to agree on which portion they will work, the Hospital shall schedule such work and the job sharers shall work in accordance with the posted schedule. Any changes made after the schedule had been posted must conform to the department policy or practice.

- 3. Job Sharers will be offered work when neither is scheduled to work and in accordance with the call in process as per 17.17(d). If the job share partner is working and no replacement is available to work the shift it may be offered to the job share.

**COVERAGE**

It is expected that both job sharers will cover each other's incidental absences. If, because of unavoidable circumstances, one cannot cover the other, the unit supervisor must be notified to book coverage. Job sharers are not required to cover for their partner in the case of prolonged or extended absences.

**DISCONTINUANCE**

The Hospital may discontinue individual job sharing positions for valid reasons with sixty (60) day's notice to the job-sharing employees. Prior to the discontinuance of individual job shared positions, problems will be discussed with the Negotiating Committee.

**BETWEEN:****ST. MARY'S GENERAL  
HOSPITAL, KITCHENER****- and -****CAW LOCAL 302****RE: Initiating Short Term Layoffs**

1. Cancellations are deemed to be a layoff.
2. When canceling, employees must be allowed to exercise their bumping rights if they are unwilling to take voluntary lay-off, unpaid leave or vacation.
3. Short-term layoffs being initiated should affect part-time employees prior to effecting full-time employees, however, part-time employees should not be laid off and then their position filled with a full time employee. The only exemption to this would be where a part-time employee is doing temporary full-time in which case the full-time employee being affected would displace the part-time employee.
4. Short-term layoffs are to be done on a full-time to full-time, part-time to part-time basis and a shift to shift basis.
5. On short-term layoffs an employee can only bump an employee in a position where they are deemed to be able to perform the duties of the lower or identical classification.
6. Where a twelve-hour employee bumps the most junior employee and such employee is scheduled for eight hours, and then they will work eight hours and are not entitled to a further bump to guarantee twelve hours.
7. An employee who reports for work, not having been previously notified not to report to work, at their scheduled starting time shall be given employment at any work made available or pay in lieu thereof on the basis of fifty percent (50%) of the normal pay that would have been earned by them as determined by the Hospital to a maximum of four (4) hours pay at their normal rate. The Hospital does not consider this a layoff therefore employees who fall into this category do not have the right to bump.
8. When a need arises and there are employees on short-term layoff, then those employees must be given the opportunity to pick up these needs on a full-time to full-time and a part-time to part-time basis.

**RE: Short-term Bumping**

For the purpose of short-term bumping due to day to day cancellations, the following defines a day, evening and night shift as well as the procedure to be followed when an employee requests to bump.

**DAY SHIFT** – is defined as a shift where the majority of hours scheduled fall before 1500 hours.

**EVENING SHIFT** – is defined as a shift where the majority of hours scheduled fall between 1500 and 2300 hours.

**NIGHT SHIFT** – is defined as a shift where the majority of hours scheduled fall between 2300 hours of one day to 0730 the following day.

**A SHIFT BEGINNING AT 1100 HOURS AND CONCLUDING AT 1900 HOURS** is considered to be an evening shift.

**12-HOUR SHIFTS** are considered to be day and night shifts.

When bumping, an employee must bump the most junior person scheduled to work within the shift that they were cancelled from as defined above and within their job classification whose duties they are deemed qualified to perform but not necessary having the same start time or the same number of hours.

Changes in schedules resulting from cancellations and subsequent bumping will not result in premium pay.

- e) Workstations, in the home, must be located in a private area, with limited access. The " Pledge of Confidentiality ", preserving all patient information remains in effect at all times and the employee working at home must always be diligent in preserving the complete confidentiality of all information. In turn, the Hospital agrees to maintain confidentiality concerning employees working at home locations recognizing that their Union representative must be aware of this arrangement and subject to the provision for inspection by the Joint Occupational Health and Safety Committee

9.

- a) Employees participating in the work at home arrangement will be responsible for the

transcription of dictated reports as per job description.

- b) Employees working at home will be responsible for maintaining the productivity standards established by the Medical Transcription Department.
  - c) Employees may not ask family members, friends or others to perform their work. This would violate the spirit of this arrangement and not comply with the need for confidentiality.
10. The employee must continue to check bulletin and posting boards located at the Hospital and the Hospital has no obligation to ensure the employee has checked the boards.
  11. Employees participating in the work at home arrangement are expected to make suitable arrangements during scheduled working hours to ensure that personal responsibilities do not conflict with work responsibilities. The work from home arrangement is intended to provide an enhanced opportunity for some flexibility for staff and a recruitment incentive for the Hospital and is not intended as a replacement for childcare or other personal responsibilities.
  12. This arrangement does not change the employee / employer relationship and is not an employment contract and may not be construed as such. It outlines a “working in the home” arrangement and the associated responsibilities.
  13. The Hospital and union may agree to add to / or modify these guidelines as required after this arrangement has been assessed.

**BETWEEN:****ST. MARY'S GENERAL  
HOSPITAL, KITCHENER****- and -****CAW LOCAL 302****INFLUENZA VACCINE**

1. The parties agree that influenza vaccinations may be beneficial for patients and employees. Upon a recommendation pertaining to a facility or a specifically designated area(s) thereof from the Medical Officer of Health or in compliance with applicable provincial legislation, the following rules will apply:
2. Employees, subject to their consent, may be required to be vaccinated for influenza.
3. If the full cost of such medication is not covered by some other source, the Hospital will pay the full or incremental cost for the vaccine and will endeavour to offer vaccinations during an employee's working hours. In addition, employees will be provided with information, including risks and side effects, regarding the vaccine.
4. Hospitals recognize that employees have the right to refuse any required vaccination.
5. If an employee refuses to take the vaccine required under this provision, he/she may be placed on an unpaid leave of absence during any influenza outbreak in the hospital until such time as the employee is cleared to return to work and the outbreak is deemed to be over.
6. If an employee is placed on unpaid leave, he/she may use banked lieu time or vacation credits in order to keep his/her pay whole. The employer will endeavor to reassign employees to appropriate work areas provided such re-assignment does not adversely affect other employees.

7. If an employee refuses to take the vaccine because it is medically contra-indicated, and where a satisfactory medical certificate is provided to this effect, she or he will be reassigned during the outbreak period, unless reassignment is not possible, in which case the employee will be paid. It is agreed that any such reassignment will not adversely impact other employees.

8. Where an employee alleges that the administration of the flu vaccine has resulted in their illness, the employee may file with WSIB and the Hospital will co-operate to provide any information the WSIB should require to properly determine the relevance of their claim.

9. The Hospital may offer the process of ESRTW and the clause shall be interpreted in a manner consistent with the Ontario Human Rights Code.

10. An employee that has worked in a location outside of SMGH that is experiencing an influenza outbreak will not be permitted to work at SMGH until such time that the outbreak is declared over by the Chief Medical Officer. **LETTER OF UNDERSTANDING**

(22)

**BETWEEN:**

**ST. MARY'S GENERAL  
HOSPITAL, KITCHENER**

- and -

**CAW LOCAL 302**

During negotiations the parties discussed their respective obligations with regards to the issue of harassment in the workplace. The parties jointly agreed to the content of this Letter of Understanding. Its intent is to clearly identify to members of Local 302 CAW these important principles. It is not intended to amend, supercede or alter any other policy that the employer may have in regards to harassment and in any case will be interpreted consistent with the relevant legislation.

**JOINT ANTI-HARASSMENT POLICY**

St. Mary's General Hospital (SMGH) and the CAW and Local 302 (the "Union") are committed to providing a harassment free workplace. Providing fair and equitable treatment for all employees is best achieved in an environment where all individuals interact with mutual respect for each others' rights.

**WORKPLACE HARASSMENT/POLICY AND THE PROCEDURE DEFINED**

Every employee has the right to work in an environment free of harassment. This right includes the responsibility to eliminate harassment in our workplace, either as a participant or as an observer.

This policy and procedure outlines the commitment of SMGH and CAW Local 302 to ensure a harassment free workplace as required under applicable human rights

legislation and will act as a guide to employees in adhering to legal and social guidelines regarding the recognition and prevention of harassment.

This policy exists to underline the seriousness of workplace harassment and to establish that there is no acceptable level of harassment at SMGH. Employees who feel that they are being harassed are encouraged to seek protection under this policy.

## **WORKPLACE HARASSMENT DEFINED**

Harassment is defined as a "course of vexatious comment or conduct that is known or ought reasonably be known to be unwelcome", that denies individual dignity and respect on the basis of the grounds such as: gender, disability, race, colour, sexual orientation or other grounds prohibited by applicable human rights laws. At SMGH all employees are expected to treat others with courtesy and consideration and to discourage harassment.

The workplace is defined as all Hospital facilities and premises.

Workplace harassment includes, but is not limited to, the following examples:

- Unwelcome remarks, jokes, innuendoes or taunting about another's body, attire, gender, disability, racial or ethnic background, sexual orientation, etc., which cause awkwardness or embarrassment.
- Displaying visuals of a sexual, racial or otherwise offensive nature such as pornographic pictures, posters, cartoons, graffiti or simulation of body parts.
- Leering (suggestive staring) or other gestures.
- Unnecessary physical contact such as touching, patting or pinching.
- Unwanted sexual solicitation, physical contact or advances, particularly made with implied reprisals, if rejected.
- Refusing to work or share facilities with another employee because of the other's gender, disability, sexual orientation, racial, religious or ethnic background.
- Backlash or retaliation for the lodging of a complaint or participation in an investigation.

## **OBLIGATION OF EMPLOYEES**

Employees are obligated to bring any complaint of harassment to the attention of the Human Resources Representative for the Hospital or the Union Chairperson as soon as possible. If the Hospital /Union are not made aware of any issues of harassment, they may be unable to address such issues.

## **WHAT HARASSMENT IS NOT**

Properly discharged supervisory responsibilities including disciplinary action, or conduct that does not interfere with a climate of understanding and respect for the dignity and worth of SMGH employees are not considered harassment. Neither is this policy meant to inhibit free speech or interfere with the normal social relations that are a part of life in SMGH.
