- overtime shall be calculated as if the Employee had worked his/her standard hours of work on such day;
- beyond the first overtime shift the Employee shall be considered to have returned to work and all relevant provisions of the Agreement shall apply;

Where available, sick leave credits may be used to extend the payment of 100% weeks.

- (i) Payments from the previous-noted schedule will be made on the following basis with the provision that any absence due to illness/non-occupational injury will constitute an occasion:
 - (a) from the first day of absence for the first two occasions of absence in a calendar year, and
 - (b) from the second day of the third absence in the calendar year, and
 - (c) from the third day of the fourth absence in the calendar year, and
 - (d) from the fourth day of the fifth and subsequent absences in a calendar year.
 - (ii) Where applicable, sick leave credits may be used to replace the unpaid days as provided for in (b), (c), and (d) above.
 - (iii) When an Employee can demonstrate to the Employer that he/she can only attend his/her physician as part of regular on going treatments during the day, the absences shall collectively constitute one occasion for the purposes of this plan. In order for this to occur, the Employee must provide the Employer with documentation from his/her physician at the commencement of the ongoing treatment program, outlining the anticipated schedule for treatments, including dates when the series will likely commence and cease.
 - (iv) An Employee shall be provided up to two one-half (1/2) day absences for doctor appointments in any calendar year. Each of these one-half (1/2) day absences shall not constitute an occasion for the purpose of this plan.
- 6 (i) Payments will be made for a maximum of twenty-six (26) weeks during any one continuous period of disability.
- (a) Successive absences due to the same or a related cause will be considered as one continuous period of disability unless separated by

return to active employment for a period of three (3) months.

- (b) A disability due to a different cause will be considered a new period after a return to active employment for one month.
- 7
- (i) No benefits will be payable during a period of pregnancy leave of absence to which an Employee is entitled under the Employment Standards Act, or during any such longer period of pregnancy leave for which the Employee has applied and been approved by the Employer.
 - (ii) Short term disability payments will be offset by any disability benefits payable to the Employee from the Canada Pension Plan.
 - (iii) An Employee who is engaged in outside employment apart from his/her employment with the Employer is not entitled to any benefits under the provisions of the short term income protection plan for any occupational injury or sickness sustained during such period of outside employment.
 - (iv) The Employer will continue to pay fringe benefits costs including Dental, Extended Medical benefits, Life Insurance, etc., and any other applicable benefits negotiated for a period not longer than thirty (30) consecutive months. When required, payroll deductions for pension purposes will continue to be made from disability pay.
8. Benefits are not payable for the following:
- (i) disability where you are not under continuing medical supervision and treatment,
 - (ii) pregnancy related disabilities during any period you are on pregnancy leave of absence to which you are entitled under applicable Provincial statutes or mutually agreed to by you and the Employer;
 - (iii) Alcoholism, drug addiction or any mental condition connected therewith, unless the insured period is under active treatment in, or certified as being actively supervised by a rehabilitation centre or Provincially designated institution.
 - (iv) If your disability is due to nervous, mental, psychological or emotional disorder, payment will not be made unless you are under the care of, or being referred, to a registered specialist in psychiatry, or a doctor approved by the registered specialist in psychiatry.
